It will make a difference regarding your experience of using Firefox for all your

Educational game for the Middle School to High School age group, focusing on Character Ethics and the use of the Internet. The player learns about school and internet ethics in an interactive, fun manner.

... .. The Academic Cramster - Academic Cramster

Description: The Academic Cramster is a basic academic test maker that will help you easily create different tests. It supports text, picture, audio and any combination of two or

more of these three categories. It also features lots of unique features that a test creator should have, such as high-resolution images, randomization, hot keys, test prep tool, tests importer, lists and all sorts of other neat stuff. Each test can be previewed and evaluated with results showing on-screen, or exported in whatever format you prefer. These features are great for creating practice tests and quizzes. The Game on College 2 - Academic Essay

Writing and Writing Practice

nfsBlackHeart is an animated screensaver of love, featuring a romantic "nfsMusic" soundtrack. The screensaver can be used as a stand-alone screensaver or as a screensaver plug-in for "MPlayer/Win32" and other media players. In addition to the "nfsMusic" soundtrack, nfsBlackHeart features an alarm clock, a digital clock, a function of moving the picture to a new position on the screen, and a

number of other functions. The screensaver features a fixed picture and supports wide screens. Additional Screensavers: nfsBlackHeart is a screensaver plug-in for "MPlayer/Win32", which means it's available as a built-in feature of that application, or you can use "MPlayer/Win32" to play audio and/or video files that you download from the Internet. The screensaver is a built-in feature of "MPlayer/Win32" and can be used with just a few clicks.

Features nfsBlackHeart offers a collection of features, including: an animated 3D picture a number of alarm clocks a digital clock a moving picture function a sound track a flash effect other features Main features: The main features of the nfsBlackHeart are: 3D picture The 3D picture of the screensaver is animated and can be changed by the user. Alarm clock The alarm clock can be set to any time of the day, can display the exact time, and can be scheduled to play a

sound at a certain time. The alarm clock can be set to play a sound anytime, or you can set the alarm clock to play a sound at a certain time. Digital clock The digital clock is animated and can be set to any time of the day, or the day of the week. It can also display the exact time. Moving picture The moving picture of the screensaver can be set to any position on the screen, including top left, top right, bottom left, bottom right, center, and not visible. The

user can change the moving picture at any time. Sound track The sound track can be set to "nfsMusic", "bassPlant" or "naturalSounds". Flash effect The flash effect can be disabled or enabled, as well as toggled

What's New In?
